1. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted in the preparation of this statement of financial activity are:

(a) Basis of Accounting

This statement is a special purpose financial report, prepared in accordance with applicable Australian Accounting Standards, other mandatory professional reporting requirements and the Local Government Act 1995 (as amended) and accompanying regulations (as amended).

(b) The Local Government Reporting Entity

All Funds the Council uses to control resources to carry on its functions have been included in this statement. In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the statement.

(c) Rounding Off Figures

All figures shown in this statement are rounded to the nearest dollar.

(d) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

(e) Goods and Services Tax

In accordance with recommended practice, revenues, expenses and assets capitalised are stated net of any GST recoverable. Receivables and payables are stated inclusive of applicable GST.

(f) Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term deposits that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purposes of the Cash Flow Statement, cash and cash equivalents consist of cash and cash equivalents as as defined above, net of outstanding bank overdrafts. Bank overdrafts are included as short-term borrowings in current liabilities.

(g) Trade and Other Receivables

Trade receivables, which generally have 30 - 90 day terms, are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less any allowance for uncollectable amounts.

Collectability of trade receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

(h) Inventories

General

Inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs of necessary to make the sale.

Inventories held from trading are classified as current even if not expected to be realised in the next 12 months.

Land Held for Resale

Land purchased for development and/or resale is valued at the lower of the cost and net realisable value. Cost includes the cost of acquisition, development and interest incurred on financing of the land during development. Interest and holding charges incurred after development is complete are recognised as expenses.

Revenue arising from the sale of property is recognised in the operating statement as at the time of signing a binding contract of sale.

Land held for resale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(i) Fixed Assets

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead.

Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

(j) Depreciation of Non-Current Assets

All non-current assets having a limited useful life are systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets.

Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Major depreciation rates and periods are:

Buildings 30 to 50 years
Furniture and Equipment 4 to 10 years
Plant and Equipment 5 to 15 years

Sealed roads and streets

clearing and earthworks not depreciated construction/road base 50 years original surfacing and

major re-surfacing

bituminous sealsasphalt surfaces20 years25 years

Gravel roads

clearing and earthworksnot depreciatedconstruction/road base50 yearsgravel sheet12 years

Formed roads (unsealed)

clearing and earthworks not depreciated construction/road base 50 years
Footpaths - slab 40 years
Sewerage piping 100 years
Water supply piping & drainage systems 75 years

(k) Trade and Other Pavables

Trade and other payables are carried at amortised cost. They represent liabilities for goods and services provided to the local government prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 30 days of recognition.

(I) Employee Benefits

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

- (i) Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits)
 - The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the Shire has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the Shire expects to pay and includes related on-costs.
- (ii) Annual Leave and Long Service Leave (Long-term Benefits)

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the project unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where the Shire does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(m) Interest-bearing Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

Borrowings are classified as current liabilities unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

(n) Provisions

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

(o) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non current based on Council's intentions to release for sale.

(p) Nature or Type Classifications

Rates

All rates levied under the Local Government Act 1995. Includes general, differential, specific area rates, minimum rates, interim rates, back rates, ex-gratia rates, less discounts offered. Exclude administration fees, interest on instalments, interest on arrears, service charges and sewerage rates.

Operating Grants, Subsidies and Contributions

Refer to all amounts received as grants, subsidies and contributions that are not non-operating grants.

Non-Operating Grants, Subsidies and Contributions

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assests paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

Profit on Asset Disposal

Profit on the disposal of assets including gains on the disposal of long term investments. Losses are disclosed under the expenditure classifications.

Fees and Charges

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees. Local governments may wish to disclose more detail such as rubbish collection fees, rental of property, fines and penalties, other fees and charges.

Service Charges

Service charges imposed under Division 6 of Part 6 of the Local Government Act 1995. Regulation 54 of the Local Government (Financial Management) Regulations 1996 identifies these are television and radio broadcasting.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excludes rubbish removal charges. Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

Interest Earnings

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

Other Revenue / Income

Other revenue, which can not be classified under the above headings, includes dividends, discounts, rebates etc.

Employee Costs

All costs associate with the employment of person such as salaries, wages, allowances, benefits such as vehicle superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax etc.

Materials and Contracts

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses, advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc. Local governments may wish to disclose more detail such as contract services, consultancy, information technology, rental or lease expenditures.

Utilities (Gas, Electricity, Water, etc.)

Expenditures made to the respective agencies for the provision of power, gas or water. Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

Insurance

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

Loss on asset disposal

Loss on the disposal of fixed assets.

Depreciation on non-current assets

Depreciation expense raised on all classes of assets.

Interest expenses

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

Other expenditure

Statutory fees, taxes, provision for bad debts, member's fees or levies including WA Fire Brigade Levy, and State taxes. Donations and subsidies made to community groups.

(r) Statement of Objectives

In order to discharge its responsibilities to the community, the Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis and for each of its broad activities/programs.

Council operations as disclosed in this statement encompass the following service orientated activities/programs:

GOVERNANCE

Details expenses related to Councils nine councillors, who normally meet the third Wednesday of each month, make policy decisions, review Councils operations, plan for current and future service provision requirements and undertake necessary appropriate training and attend conferences.

GENERAL PURPOSE FUNDING

Rates - the amount raised is determined by Councils budget "shortfall" that is known income and desired expenditure.

General purpose grants - are the grant amounts paid to the shire from Federal Government funding as determined by and via the Western Australian Local Government Grants Commission.

Interest - interest earned on monies invested or deposited by Council.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

LAW, ORDER, PUBLIC SAFETY

Supervision of by-laws, fire prevention and animal control. Requirements that Council carries out by statute.

HEALTH

Food quality control, immunisation, contributions to medical and health.

EDUCATION AND WELFARE

Assists in the provision of the Child Care and Youth services.

HOUSING

Provides and maintains housing rented to staff and non-staff.

COMMUNITY AMENITIES

Operation and control of cemeteries, public conveniences and sanitation service. Provides public amenities. Owns and operates the town site deep sewerage service. Controls and maintains two rubbish disposal sites.

RECREATION AND CULTURE

Maintenance of halls, swimming pool, recreation centres, library and various reserves.

TRANSPORT

Construction and maintenance of roads, footpaths, drainage works and cleaning of streets. Provision of infrastructure necessary to ensure adequate transport, communication, freight, social access routes and environmental enhancement within the shire.

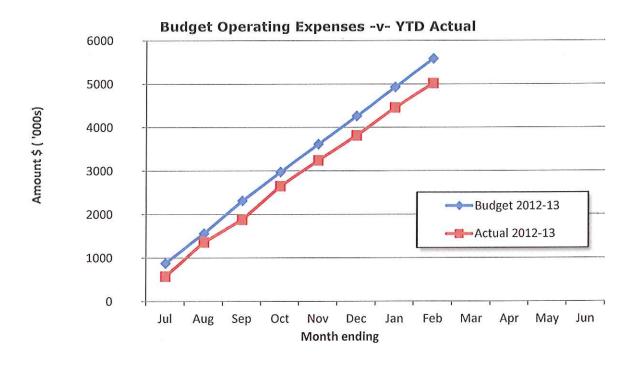

ECONOMIC SERVICES

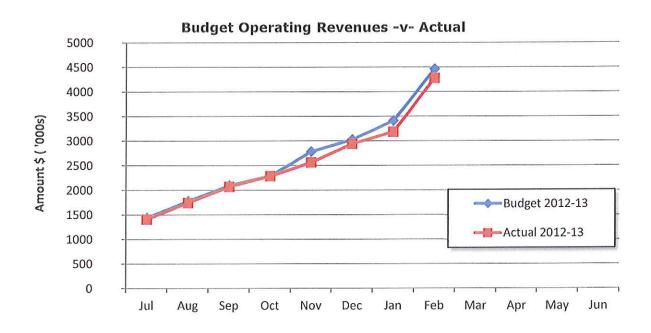

Tourism, pest control, building controls and natural resource management. Tourism facilities, information and directional signs. Weed and pest control services. Necessary building control services.

OTHER PROPERTY & SERVICES

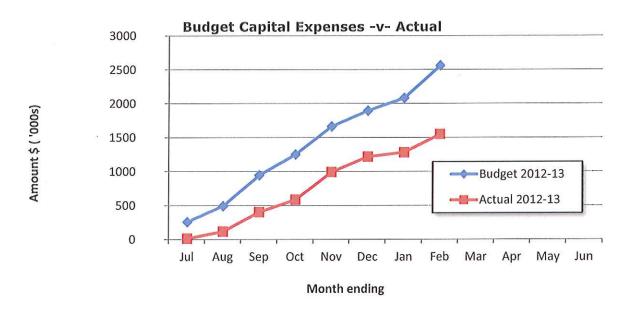

Private works carried out by council and indirect cost allocation pools. Public Works Overheads, plant operation and administrative costs are allocated to the various functions, works and services provided by Council.

Note 5: MAJOR VARIANCES

5.1 OPERATING REVENUE (EXCLUDING RATES)

Governance

Income is currently \$30,948 more than the year to date budget as a result of a large backlog of insurance claims having been made. This budget will be increased in the budget review.

Education and Welfare

Income is currently \$31,904 less than the year to date budget largely as a result of a number of grants/contributions for Child Care not received. This will be addressed in the budget review.

Transport

Income is currently \$212,047 less than the year to date budget as a result of no large items of plant having been traded in so therefore the expected profit has yet to be made and not all Roads to Recovery Funding having been received yet.

5.2 OPERATING EXPENSES

General Purpose Funding

Expenditure is currently \$20,321 less than the year to date budget. This is as a result of timing differences in the payment of loans (\$10,303) and less revaluations having being done than budgeted (\$7,120).

Law, Order & Public Safety

Expenditure is currently \$43,879 more than the year to date budget. This is as a result of timing differences in the payment of ESL (\$35,264) and overexpenditure on bush fire brigades (\$10,322) which will be addresed in the budget review.

Health

Expenditure is currently \$10,032 less than the year to date budget. This is as a result of minor under expenditure over a number of accounts.

Education & Welfare

Expenditure is currently \$60,860 less than the year to date budget. This is a result of under expenditure in the Youth Services area (\$39,353) and Child Care (\$19,884).

Community Amenities

Expenditure is currently \$107,888 less than the year to date budget as a result of under expenditure across a number of sewerage accounts (\$47,601), refuse accounts (\$21,406), the Moora Cemetery (\$26,004) and Town Planning (\$11,578).

Recreation & Culture

Expenditure is currently \$180,618 less than the year to date budget as a result of under expenditure across a large number of accounts including the swimming pool (\$39,607), ovals (\$35,328), halls maintenance (\$36,409) and Be Active (\$13,497).

Transport

Expenditure is currently \$216,000 less than the year to date budget, largely as a result of depreciation being lower than budgeted at this stage (\$157,134) and underexpenditure on road maintenance.

Economic Services

Expenditure is currently \$49,895 less than the year to date budget as a result of under expenditure across a number of accounts including the Moora Livestyle Village (\$34,401).

Other Property & Services

Expenditure is currently \$56,950 more than the year to date budget as a result of underallocation of works and plant overheads.

5.3 CAPITAL EXPENDITURE

Land Held for Resale

Expenditure is currently \$225,578 less than the year to date budget as a result of little expenditure having been incurred on the Industrial Park Subdivision to date.

Land and Buildings

Expenditure is currently \$59,629 less than the year to date budget largely as a result of less works being carried out at the Depot than budgeted at this stage (\$25,528) and renewal works at the Child Care not having been carried out (\$22,300).

Plant and Equipment

Expenditure is currently \$277,923 less than the year to date budget as a result of no large items of plant having been purchased at this time.

Infrastructure Assets - Roads

Expenditure is currently \$398,133 less than the year to date budget, largerly as a result of delays on Wirralda Road and little regravelling work having been done.

Infrastructure Assets - Other

Note 5: MAJOR VARIANCES

Expenditure is currently \$84,760 less than the year to date budget as a result of few costs having been incurred on the acquisition of the airstrip and reserve rehabilitation to date.

Note 6: BUDGET AMENDMENTS
