For Council to formally note the process of planning through to procurement of the temporary ablution facilities at the Moora Recreation ground as a result of the condemnation of the Moora Grandstand and Football Club changerooms.

The following resolution was moved and carried at the April 21, 2021 Ordinary Meeting of Council;

1. *Council approve the purchase of an interim modular shower and change facility at a delivered cost of between \$60,000 and \$70,000 (GST Inc.); and*
2. *Finishing and connection to services would be carried out by local suppliers.*

CARRIED BY ABSOLUTE MAJORITY 5/1

**BACKGROUND:**

Following advice regarding the degraded structural condition of the Grandstand, the Shire has taken safety precautions that closed the Grandstand to public use. This has resulted in the need to provide temporary player change rooms and ablution facilities at the Moora oval.

**COMMENT:**

The closure of the grandstand has created the need to make temporary arrangements for team change room and showering / ablution facilities. The Moora Agricultural Society building has been identified as suitable for team use. In consultation with the Society's Committee, half of the building has been made available to the Mavericks Football Club for use as club rooms until further arrangements are made. However, the building does not provide the shower and ablution facilities necessary to meet the needs of players and support staff. To address this issue, temporary shower and ablution facilities have been investigated and an order placed for the purchase of a suitable unit.

**Issues**

With the decision to close the grandstand, the Shire needed to make alternative arrangements to accommodate football and cricket team change room facilities at the Moora oval. The Sport and Recreation Committee considered several interim options, including the utilisation of existing facilities at the recreation centre, swimming pool, schools, and other facilities. After meetings with the Mavericks Football Club, the Moora Cricket Club and Agricultural Society, it was ultimately decided that a modular ablution block offered the most flexible solution.

Investigations revealed that quality used modular buildings are in high demand, were subject to condition assessments and uncertain delivery times which were subject to lease expiry and relocation. Further discussions revealed that lease costs of a facility are based on returning approximately 80%-85% of the capital cost of the building over a 2-year period. Currently, demand for second-hand units is so high there is little difference between the cost of a second-hand building and a newly constructed building.

Based on industry conditions and advice, the option to purchase a new facility, designed to meet our needs, and which could subsequently be redeployed or sold, became more compelling.

Quotations were sought from several suppliers as set out below:

Supplier	Used	New	Notes
Mining Buildings	\$65,000	\$65,488.00 (GST exc)	Cost at yard / delivery 4-5 wks
Pigdon	-	\$63,250 (GST Inc)	Delivery 4-5 wks
Fleetwood *	-	\$60,000 -\$70,000 (GST Inc)	Delivery up to 10 wks
WA Modular *	-	\$60,000 -\$70,000 (GST Inc)	Delivery up to 12 wks
Aussie Modular Solutions	-	\$72,000 – \$75,000 (GST Inc)	Unable to supply
Instant Portables	\$58,000-\$68,000	\$63,000 -\$70,000	Unable to supply
All Portable Supplies	-	\$60,000 - \$70,00 (GST Inc)	Unable to supply

\* Verbal quotation and advice

At its meeting of 21 April 2021, Council authorised the purchase of a new modular shower and ablution facility at a cost of between \$60,000 and \$70,000, delivered to site. Connections to services would be carried out locally.

On 23 April 2021, Council placed an order for the supply of a new modular shower and ablution facility with Pigdon Portables, at a quoted cost of \$63,250 GST Inc. delivered to site; delivery is expected between 4-5 weeks from 23 April 2021.

The Mavericks Football Club and Moora Agricultural Society have been advised of this action.

It should be noted that while the capital outlay to purchase the new unit with connections is in the vicinity of \$70,000, Council will retain a material level of equity in the unit once the need for the temporary unit / arrangement has passed. The level of depreciation of the new unit will be materially less than what would have been the cost of hiring a used or new unit.
