### **Compilation Report**

#### To the Council

#### **Shire of Moora**

#### Scope

We have compiled the accompanying special purpose financial statements.

The specific purpose for which the special purpose financial report has been prepared is to provide information relating to the financial performance and financial position of the Shire that satisfies the information needs of the Council and the *Local Government Act 1995* and associated regulations.

#### The responsibility of the Shire

The Shire is solely responsible for the information contained in the special purpose financial report and have determined that the accounting policies used are consistent and are appropriate to satisfy the requirements of the Council and the *Local Government Act 1995* and associated regulations.

#### Our responsibility

On the basis of information provided by the Shire, we have compiled the accompanying special purpose financial statements in accordance with the significant accounting policies adopted as set out in Note 1 to the financial statements and APES 315: Compilation of Financial Information.

Our procedures use accounting expertise to collect, classify and summarise the financial information, which the Management provided, into a financial report. Our procedures do not include any verification or validation procedures. No audit or review has been performed and accordingly no assurance is expressed.

To the extent permitted by law, we do not accept liability for any loss or damage which any person, other than the Shire of Moora, may suffer arising from negligence on our part.

This report was prepared for the benefit of the Council of the Shire of Moora and the purpose identified above. We do not accept responsibility to any other person for the content of the report.

#### 1. SIGNIFICANT ACCOUNTING POLICIES

This report is prepared to meet the requirements of Local Government (Financial Management) Regulations 1996 Regulation 34.

The material variance adopted by the Shire of Moora for the 2024/25 year is 10,000 or 5%, whichever is greater. Items considered to be of material variance are disclosed in Note 2.

The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation. The preparation also requires management to make judgements, estimates and assumptions which effect the application of policies and the reported amounts in the statements and notes. These estimated figures are based on historical experience or other factors believed to be reasonable under the circumstances. Therefore, the actual results may differ from these reported amounts.

Actual and Budget comparatives are presented in year to date format unless otherwise stated.

#### **Preparation**

Prepared by: Travis Bate Date prepared: 10 Sep 24

#### (a) Basis of Preparation

The following financial statements are special purpose financial statements that have been prepared in accordance with the Australian Accounting Standards, Authoritative Interpretations, the *Local Government Act 1995*, and regulations, within the context in which they relate to local governments and not-for-profit entities.

With the exception of the rate setting information, the following report has been prepared on an accrual basis with balances measured at historical cost unless subject to fair value adjustments. Items subject to fair value adjustments include certain non-current assets, financial assets, and financial liabilities. Items such as assets, liabilities, equity, income and expenses have been recognised in accordance with the definitions and recognition criteria set out in the Framework for the Preparation and Presentation of Financial Statements.

These financial statements comply with, and supersede, the Australian Accounting Standards with the *Local Government (Financial Management) Regulations 1996* where applicable. Further information is provided in Note 1(i).

The functional and presentation currency of the report is Australian dollars.

#### (b) The Local Government Reporting Entity

The Australian Accounting Standards define local government as a reporting entity which can be a single entity or a group comprising a parent and all its subsidiaries. All funds controlled by the Shire in order to provide its services have formed part of the following report. Transactions and balances related to these controlled funds, such as transfers to and from reserves, were eliminated during the preparation of the report.

Funds held in Trust, which are controlled but not owned by the Shire, do not form part of the financial statements. Further information on the Shire funds in Trust are provided in Note 5.

#### (c) Rounding of Amounts

The Shire is an entity to which the *Local Government (Financial Management) Regulations 1996* applies and, accordingly amounts in the financial report have been rounded to the dollar except for amounts shown as a rate in the dollar. Where total assets exceed \$10,000,000 in the prior audited annual financial report, the amounts may be rounded to the nearest \$1,000.

#### (d) Goods and Services Tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

#### 1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (e) Superannuation

The Shire contributes to a number of superannuation funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

#### (f) Cash and Cash Equivalents

Cash and cash equivalents normally include cash on hand, cash at bank, deposits on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown as short term borrowings in current liabilities in Note 3 - Net Current Assets.

#### (g) Financial Assets at Amortised Cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

#### (h) Inventories

#### General

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### Land Held for Resale

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed. Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point. Land held for sale is classified as current except where it is held as non-current based on Shire's intentions to release for sale.

#### (i) Trade and Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for grants, contributions, reimbursements, and goods sold and services performed on the ordinary course of business.

Trade and other receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing components, when they are recognised at fair value.

Trade receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected credit loss allowance for all trade receivables. To measure the expected credit losses, rates receivables are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

#### 1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (j) Fixed Assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

#### **Recognition of Assets**

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

#### Gains and Losses on Disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

#### (k) Depreciation of Non-current Assets

The depreciable amount of fixed assets included in buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

Asset	Years
Buildings - non-specialised	50 years
Buildings - specialised	50 years
Furniture and equipment	4-10 years
Plant and equipment	5-10 years
Infrastructure - roads	20-80 years
Other infrastructure - Footpaths and Cycleways	50-80 years
Other infrastructure - Parks & Gardens	30-50 years
Other infrastructure - Drainage	20-80 years
Other infrastructure - Street Furniture & Lighting	10-60 years
Other infrastructure - Sewerage	80-100 years
Other infrastructure - Bridges	80-100 years

#### 1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (I) Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

#### (m) Prepaid Rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

#### (n) Employee Benefits

#### **Short-term employee benefits**

Provision is made for the Shire's obligation for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled. The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the determination of the net current asset position. The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the determination of the net current asset position.

#### Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in the statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### (o) Interest-bearing Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. Subsequent measurement is at amortised cost using the effective interest method. The annual government guarantee fee is expensed in the year incurred.

Borrowings are classified as current liabilities unless the Shire has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

#### **Borrowing Costs**

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied. Fair values of borrowings are not materially different to their carrying amount, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on the discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the unobservable inputs, including own credit risk.

#### (p) Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measure using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### 1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (q) Contract Liabilities

Contract liabilities represent the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

#### (r) Current and Non-current Classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

#### (s) Nature or Type Classifications

#### Rates

All rates levied under the *Local Government Act 1995*. Includes general, differential, specific area rates, minimum rates, interim rates, back rates, ex-gratia rates, less discounts offered. Exclude administration fees, interest on instalments, interest on arrears and service charges and sewerage rates.

#### **Grants, Subsidies and Contributions**

All amounts received as grants, subsidies and contributions that are not capital grants.

#### **Capital Grants, Subsidies and Contributions**

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

#### **Revenue from Contracts with Customers**

Revenue from contracts with customers is recognised when the local government satisfies its performance obligations under the contract.

#### **Profit on Asset Disposal**

Gain on the disposal of assets including gains on the disposal of long term investments.

#### **Fees and Charges**

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

#### **Service Charges**

Service charges imposed under *Division 6 of Part 6 of the Local Government Act 1995*. Regulation 54 of the *Local Government (Financial Management) Regulations 1996* identifies these as television and radio broadcasting, underground electricity and neighbourhood surveillance services and water. Exclude rubbish removal charges which should not be classified as a service charge. Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

#### 1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (s) Nature or Type Classifications (Continued)

#### **Interest Earnings**

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

#### Other Revenue / Income

Other revenue, which can not be classified under the above headings, includes dividends, discounts, rebates etc.

#### **Employee Costs**

All costs associate with the employment of person such as salaries, wages, allowances, benefits such as vehicle and housing,

#### **Materials and Contracts**

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses (such as telephone and internet charges), advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc.

#### Utilities (Gas, Electricity, Water, etc.)

Expenditures made to the respective agencies for the provision of power, gas or water. Excludes expenditure incurred for the reinstatement of roadwork on behalf of these agencies.

#### Insurance

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

#### **Loss on Asset Disposal**

Loss on the disposal of fixed assets.

#### **Depreciation on Non-current Assets**

Depreciation and amortisation expenses raised on all classes of assets.

#### **Finance Cost**

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

#### Other Expenditure

Statutory fees, taxes, provision for bad debts, member's fees or levies including DFES levy and State taxes. Donations and subsidies made to community groups.

#### 1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (t) Program Classifications (Function / Activity)

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the Shire's Community Vision and for each of its broad activities/programs.

Objective Activities

**GOVERNANCE** 

To provide a decision making process for the efficient allocation of scarce resources.

All aspects relating to elected members expenses incurred in governing the Council. Other costs relating to administration and assisting elected members and ratepayers on matters which do not concern specific Council services.

**GENERAL PURPOSE FUNDING** 

To collect revenue to allow for the provision of services.

Rates, general purpose government grants and interest revenue.

LAW, ORDER AND PUBLIC SAFETY

To provide services to ensure a safer community.

Supervision and enforcement of various local laws relating to fire prevention and animal control. Provision of premises and support for State Emergency Services.

**HEALTH** 

To provide an operational framework for good community

Provision of child health care facilities, food control, pest control, podiatry services, provision of dental care surgery and premises and assistance to local medial practice.

**EDUCATION AND WELFARE** 

To meet the needs of the community in these areas.

Provision of premises and support for child care centre and play groups. Provision of services for youth and aged care.

**HOUSING** 

Help ensure adequate housing at a high standard.

Provision and maintenance of staff and rental housing.

**COMMUNITY AMENITIES** 

Provide services required by the community

Rubbish collection services and operation of tips. Town sewerage scheme, drainage works, litter control, cemetery administration and administration of the Town Planning Scheme.

**RECREATION AND CULTURE** 

To establish and manage efficiently infrastructure and resources which will help the social well being of the community.

Provision of swimming pool, public library, community halls, performing arts centre, recreation centre, parks and gardens, tennis courts, sporting pavilions and ovals.

**TRANSPORT** 

To provide effective and efficient transport services to the community.

Construction and maintenance of roads, streets, roads, bridges, cleaning and lighting of streets, depot maintenance and airstrip maintenance.

**ECONOMIC SERVICES** 

To help promote the Shire and improve its economic wellbeing.

The regulation and provision of tourism, area promotion, enterprise development, building control, noxious weeds, vermin control, standpipes and a lifestyle village.

OTHER PROPERTY AND SERVICES

To provide effective and efficient administration, works operations and plant and fleet services.

Private works operations, plant repairs and operations costs.

#### 1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

### (r) Revenue Recognition Policy

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

	lovenue Category	Nature of goods and services	When obligations typically	Payment terms	Returns / Refunds / Warranties	Timing of revenue recognition
-	Rates	General Rates.	Over time	Payment terms Payment dates adopted	None.	Timing of revenue recognition  When rates notice is issued.
	Nates	General Nates.	Over time	by Council during the year.	None.	When rates notice is issued.
	Grant contracts with customers	Community events, minor facilities, research, design, planning evaluation and services.	Over time	Fixed terms transfer of funds based on agreed milestones and reporting.	Contract obligation if project not complete.	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared.
		Construction or acquisition of recognisable non-financial assets to be controlled by the local government.	Over time	Fixed terms transfer of funds based on agreed milestones and reporting.	Contract obligation if project not complete.	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared.
	Grants with no contract commitments	General appropriations and contributions with no reciprocal commitment	No obligations	Not applicable.	Not applicable.	When assets are controlled.
	Licences/ Registrations/ Approvals	Building, planning, development and animal management, having the same nature as a licence regardless of naming.	Single point in time	Full payment prior to issue.	None.	On payment and issue of the licence, registration or approval.
	Pool inspections.	Compliance safety check.	Single point in time.	Equal proportion based on equal annual fee.	None.	After inspection complete based on a 4 year cycle.
	Other inspections.	Regulatory Food, Health and Safety.	Single point in time.	Full payment prior to inspection.	None.	Revenue recognised after inspection event occurs.
	Waste management collections.	Kerbside collection service.	Over time.	Payment on an annual basis in advance.	None.	Output method based on regular weekly and fortnightly period as proportionate to collection service
	Waste management entry fees.	Waste treatment, recycling and disposal service at disposal sites.	Single point in time.	Payment in advance at gate or on normal trading terms if credit provided .	None.	On entry to facility .
	Property hire and entry.	Use of halls and facilities.	Single point in time.	In full in advance.	Refund if event cancelled within 7 days.	On entry or at conclusion of hire.
	Memberships.	Gym and pool membership.	Over time.	Payment in full in advance.	Refund for unused portion on application.	Output method over 12 months matched to access right.
	•	Cemetery services, library fees, reinstatements and private works	Single point in time.	Payment in full in advance.	None.	Output method based on provision of service or completion of works.
	Sale of stock.	Aviation fuel, kiosk and visitor centre stock	Single point in time.	In full in advance, on 15 day credit.	Refund for faulty goods.	Output method based on goods.
	Commissions.	Commissions on licencing and ticket sales.	Over time.	Payment in full on sale.	None.	When assets are controlled.
	Reimbursements.	Insurance claims.	Single point in time.	Payment in arrears for claimable event.	None.	When claim is agreed.
